

## 5.6.2020: Village of Lombard COVID-19 Update

### Village Launches Interactive Map of Open Businesses

In an effort to support Lombard businesses, the Village is happy to announce that we have compiled information regarding open businesses into an interactive map, available at [villageoflombard.org/shoplocalmap](http://villageoflombard.org/shoplocalmap).

When making a purchase, we ask that you please consider ordering from a local business. Shop local Lombard!

### Shop at Yorktown Shopping Center: Clicks-To-Curbside

As of May 1, all non-essential retail stores are able to reopen to fulfill online or phone orders through convenient curbside pickup or delivery. Additionally, many Lombard restaurants remain open, offering food for pickup or delivery.

This also includes many shops in Yorktown Shopping Center!

Find out how you can shop online and pick-up curbside at [www.yorktowncenter.com/clicks-to-curbside](http://www.yorktowncenter.com/clicks-to-curbside).

We will get through this together Lombard!
